

WE WANT TO HEAR FROM YOU!

WHO?

Adults with Down syndrome who are 18 years or older, AND adults (18 years or older) who support a person with Down syndrome who is 13 years or older (such as a parent, caregiver, or family member). Must reside in the United States and be able to understand English.

WHAT?

Complete 15-20 minute e-survey on your experiences accessing rehabilitation services and the transition from childhood to adulthood. If interested, provide contact information to participate in an additional 30-60 minute Zoom interview to share more.

WHY?

The Department of Occupational Therapy is conducting a research study to better understand access to rehabilitation services and identify barriers and unmet needs among adolescents and adults with Down syndrome during the transition from childhood to adulthood.

WHAT ELSE?

All participation will take place online. There are no anticipated risks associated with this research. There is no compensation for those who complete the Qualtrics survey. Participants who complete the optional Zoom interview will receive a \$25 Amazon gift card for their time.
