
Participants Needed

For a study assessing the experiences of Black parents of children with Down syndrome

The University of South Carolina School of Medicine is looking for volunteers to share their experiences receiving a Down syndrome diagnosis from a genetic counselor.

Requirements

- Parent/caregiver of a child with Down syndrome
- Identify as Black and/or African American
- Received your child's prenatal diagnosis of Down syndrome within the last five years
- Received the diagnosis from a genetic counselor

How to Participate

Scan the QR code or click the link to be directed to a questionnaire about the requirements to participate in the study. If you meet these requirements, you will have the option to enter your email address and preferred days of contact for an interview about your experiences.
